

10 December 1982

MEMORANDUM FOR: Deputy Director for Central Intelligence
Executive Director
Deputy Director for Operations
Deputy Director for Intelligence
Executive Secretary

FROM: Director of Central Intelligence

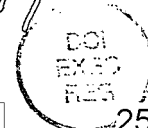

SUBJECT: Processing of Time Urgent Reports

1. It is unacceptable for a report like the one on threat against our Ambassadors in Rome and Jidda to come in with a date of December 6, get out of the DDO Registry on December 8, get out of the Executive Registry on December 9 and get to me for signature on December 10.

2. See that time urgent reports which could involve someone's life or high national interest are hand carried through the necessary clearances and not allowed to get stuck for days this way.
